...and more to be announced! If your company is interested in being a sponsor, please contact us! Sponsorship is available for as little as \$50, \$100 or \$200!

We are also looking for products to give away in our raffle as well! Click to go back to top of page Our morning will start early, with a street car shoot out competition of up to 24 cars in 3 classes competing for top honors!

These competitors are putting their VWs to the test to earn top honors along with cash, prizes, and some trick trophies! THE RULES: We are trying to keep the rules as simple as we can. The "Normally Aspirated" and "Forced Induction" classes are basically an Unlimited Street type class. There is no limit on displacement. Nitrous is okay. All engines must be 4 cylinder aircooled VW motors. There will be a mini tech inspection to check the following: headlights, horn, tail lights, brake lights, turn signals, proof of insurance, license plate, and a muffler.

The "Pump Gas 91" Class is new for 2009. Cars will have to meet the same tech inspection requirements as the other 2 classes and will need to arrive with an empty gas tank. Upon a successful tech inspection, Mike Herbert will put 2 gallons of 91 Octane pump gas into your tank and a decal on your gas cap. If decal is ripped, torn, missing, or deemed altered at time of dyno pulls, you will be disqualified from the competition.* Mike Herbert and Scott Faivre have the final say on all questions with the rules of the event. Again, we are trying to keep this simple and fun. If you are not clear with the rules of the event, please contact one of us before committing to the event. Dyno time is expensive and as such, there will be no refunds of your entry fees. PRIZES: Through gracious donations of sponsors, we have will have cash and prizes!

Current payouts as of 9/15/09 are: World's Most Powerful Volkswagen! - (Top HP of the Day) \$1000 Naturally Aspirated Class

REGISTRATION: Registration is first come first served. All competitors must pre-register. There will be no registrations the day of the event. Click the link below to view instructions on how to download the registration form. Once your registration form has been received and approved, we will send you a request for your \$50 entry fee that covers your time on the dyno. Your \$50 covers 2 pulls on the dyno. There will be no tuning on the dyno the day of the event.

APPLICATION FORMS FOR THE EVENT WILL BE AVAILABLE FOR DOWNLOAD FROM OUR FORUMS.

You can also pick up a form from Mike Herbert at Rancho. Click to go back to top of page For details about the 2nd Dyno Session promoted by German-Pride.com,
